Great Indian Slaughterhouse – The F&O

Diary of a Future & Options Trader

Despite SEBI's statistics and warning that only 7.2% of the traders are making profit in last 3 years, there has been an increased demand from retail investors to participate in speculative trading activities such as Future & Options

I was reading an article in Business Line about how a professional with 15 years of experience ruined his life and lost 3 Crore within 6 months and lost all his wealth because of this speculative addiction.

There is a saying in Casino that "The House always Wins." The stock market is nothing different, "Market takes back, what it has given."

There are many sad stories of those who have ruined their lives hoping to make it big in the F&O gambling den.

Investing for long term is always a smart choice for your Financial Journey & Wealth Accumulation. Investing with Mutual funds are smart choice for your wealth creation and financial goals.
